

Q: Who is eligible to apply for the schemes?

A: Only Residential Consumers or Residential Welfare Societies (RWA). Other categories of consumers should not apply on this portal.

Q: How to register/ apply for the scheme?

A: Step 1: Visit the official website <https://www.pmsuryaghar.gov.in/>.

Step 2 : Login with Consumer Mobile number and then enter valid OTP. (Either vendor or consumer can fill out the application form, incase one selects vendor to fill the application, consumer needs to shortlist the vendor and then vendor will fill the application).

Step 3: Enter personal details, select your State, District, Electricity Distribution Company, Electricity Consumer Number and other details. For more details- Kindly go through the consumer manuals or training videos in Knowledge Centre section.

Q: What documents are provided during application?

A: Only bank-related documents (such as a cancelled cheque/copy of passbook, etc.) are mandatory. Additionally, the name of the consumer must be identical on the bank account and the DISCOM electricity bill. If there mismatch in the names, the consumer must update the name with the DISCOM or the bank to ensure they match. Uploading the electricity bill is optional.

Q: How do I choose a vendor for the rooftop solar system?

A: The portal provides a list of registered vendors within your DISCOM. Consumers can shortlist multiple vendors and communicate with them. Consumers can select their preferred vendor on the portal for RTS installation

Q: Can I change my vendor after selection on portal?

A: Yes, you can change your vendor after selection on the portal, but only before uploading the Vendor Consumer Work Agreement to the portal.

Q: What is 'Give-up' subsidy option?

A: "Give it Up" subsidy option encourages well-to-do households to voluntarily give up their subsidy. It is purely voluntary initiative where consumer '**Do-not want to avail subsidy**'.

Q: Till what stage on portal I can change 'Give-up' subsidy option

A: Even after opting for "Give it Up", if Consumer changes mind and wish to avail the subsidy, he/she may revoke the decision at any time until the subsidy is redeemed.

Q: Who is responsible for filling out the installation data, the consumer or the vendor?

A: The vendor will fill out the installation data and then submit it to consumer using the 'Send to Consumer' option. After this, the consumer will be able to view the installation data in their login. Upon reviewing it, the consumer can either submit it to DISCOM for inspection or, if any issues are found, return the installation data to the vendor with suitable remarks for correction.

Q: What documents/photographs are required to attach under installation data?

A: Geo tagged photos of rooftop solar plants with latitude and longitude coordinates and DCR undertaking certificate are mandatory documents.

Q: How can I raise a complaint/grievance?

A: Consumer need to raise a complaint under the grievance section on National Portal.

Q:How can I change Latitude and Longitude if entered wrong?

A: During vendor submitting installation details, vendor can change the Latitude and Longitude.

Q:The application on the National Portal should be done by the consumer or can a vendor do the process on behalf of the consumer?

A: Yes, vendor can also do the process on behalf of consumer only if consumer accepted for filling application by vendor on behalf of himself.

Q: How much capacity of RWA can consumer apply in PM Surya Ghar?

A: Upto 500 kW.

Q: What is the maximum subsidy for residential category and RWA category?

A: For residential maximum subsidy of Rs. 78000/- and for RWA based on no of houses per 1 house max of @3kwp Rs.18000/kW (Maximum 500 kW per RWA). However , for projects in North Eastern States including Sikkim, Himachal

Pradesh, Uttarakhand, Jammu & Kashmir, Ladakh , Andaman & Nicobar Island and Lakshadweep 10 % higher subsidy is provided.

Q: How to apply for loan?

A: The National Portal is integrated with Jan Samarth Portal. Consumer can submit the loan application after login in National Portal as Jan Samarth Portal is integrated with Jan Samarth portal.

Q: Is it possible to change the proposed capacity in National Portal after application submitted?
